Re: *Request for Information*
Our File No.: 955-166

Dear Records Coordinator:

Please consider this to be a request for the information enumerated below pursuant to the Freedom of Information Act (FOIA).

For the purpose of this request, please use the following definitions for the terms listed below.

Definitions

"Facility" means any of the following businesses or addresses:

- 1) Beluga Power Plant located near Beluga in Kenai Peninsula Borough, Alaska.

"Dust" means any particles, fibers, or airborne matter produced by substances such as asbestos, silica, erionite, hydrated lime, diatomaceous matter, or any other substance capable of releasing potentially hazardous airborne material.

Requests

Request No. 1: All notifications of asbestos related work occurring at any Facility.

Request No. 2: All records of any asbestos abatement or remediation at any Facility.

Request No. 3: All air quality monitoring, dust studies, or other dust-related inspections or investigations conducted relating to any Facility.

Page 2

Request No. 4: All correspondence regarding dust concentration levels or other industrial hazards relating to air quality sent from the EPA to the any entity performing work at any Facility.

Request No. 5: All correspondence regarding dust concentration levels or other industrial hazards relating to air quality received by EPA from any entity performing work at any Facility.

Thank you for your assistance in fulfilling this request. If you are not the legal custodian of this information, please forward this request to the appropriate person and contact me to advise me of this fact.

Please do not hesitate to contact me with any questions.

Sincerely,

Jeffrey R. Peters
